Course Description:

This course will explore and review issues of medical and psychological aspects of alcohol/drug use, abuse and addiction. This course is designed to meet the requirements to apply for addictions counseling licensure. Special emphasis is placed on psychopharmacology within the context of addiction. Requirements: None. Prerequisites: None. (CSC Graduate Catalog, 2022-2023)

Textbook & Course Materials:

Required Texts:

1. Doweiko, H.E., (2019). Concepts of Chemical Dependency (10th ed.). ISBN 9781337563468. You must purchase MindTap access for this course.
2. **Tevera:** Over the next few weeks you will receive an email from Tevera inviting you to register for this service. The Counseling Program has recently adopted Tevera software system for Practicum and Internship paperwork (e.g., site agreements, time logs, skill evaluations, etc.) and Student Key Assignments. You will gain access to this system by paying a one-time program fee and will have access to Tevera during your time in the program and beyond graduation. This helpful resource also allows you to have access to your clinical records after graduation and log clinical hours post-graduation to ease licensure/certification processes. Your invitation will direct you to register and make your one-time purchase through the CSC Bookstore or directly from Tevera. **Though you will see this requirement in all your syllabi, please purchase Tevera only once.** Tevera License +CCS-R© Assessment, ISBN# 978-0-9992321-5-6.

Method of Instruction:

Course methodology is web-based. For assistance with technical questions, contact helpdesk@csc.edu or 308-432-6311. This course consists of individual participation through weekly assignments, collaborative discussions, and exams organized. **Each week typically begins at 1:00 AM Mountain Time, Monday, and closes 10 PM Mountain Time, Sunday. The notable exception is the final week of class when all assignments close at 5pm Mountain Time, Friday.** All dates and assignments can be found in the course schedule.

Course Connection to Program Portfolio (Degree-Seeking Students):

A completed, approved, e-portfolio is a requirement for graduation. It is a visual showcase of your work that demonstrates professional growth, achievement, and competence in the field of counseling. The portfolio is used to document your philosophy of education and central concepts of student development. Your portfolio must include a syllabi and key assignment from each of your completed courses.

Course Requirements:

It is intended that all courses at the graduate level will require greater intellectual effort, more independence in reading and investigation, and more constructive thinking than undergraduate levels of instruction. Requirements include: active participation, and completion of all assigned work on time. **Unless otherwise indicated, all written assignments must follow APA formatting guidelines:** <http://owl.english.purdue.edu/owl/resource/560/1/> Each weekly activity includes: MindTap assignments, forums, readings, and exams.

1. **Forums:** Each week you will have many opportunities to share your ideas. I will provide the topic and you will provide amazing reflection, insight, and discussion. Please see the rubric at the end of this syllabus.
See rubric at end of syllabus.
 - a. A new forum will be available Monday through Sunday of each week. **To receive full points, you must participate with at least 1 original post and 2 replies, 3 of the 7 days the forum is open. I will not grade a post/reply when submitted after the forum closes.**
 - b. You **MUST** read a majority of your classmates replies and posts. Points will be subtracted if you read less than 50%.
 - c. **Each post must be a minimum of 250 words, and each reply must be a minimum of 200 words.** Additional posts and replies over the minimum can be any length.
 - d. The faculty role is as an observer and facilitator. I will read and participate in the discussion as appropriate. Please also take the time to review the Discussion Forum Rubric found in each week's discussion prompt.

2. **MindTap Assignments** are found in your Cengage MindTap course. Once completed, you will automatically receive a grade and feedback for some assignments, while others will be manually graded and require you to view assignment feedback from within your Progress tab. Please follow the video link for further explanation on how to view assignment feedback in your Progress tab
<https://play.vidyard.com/i3sc5XyJMUqoogvyCBkqrr> .
3. **Syllabus Quiz:** You will find this quiz in CSC Online-Weekly Lesson 1.
4. **MindTap Exams:** You will complete chapter exams/quizzes in MindTap
5. **Abstinence Activity and Paper:** During Week 3 of this class, each student is to identify a substance or activity from which he or she will abstain for the semester. Counselors have the responsibility of helping clients make changes in their lives that they desire. The process of change is often difficult and can be affected by setbacks. Often, the initial goal of change is altered because of the difficulty involved in making changes. Students are to engage in a self-change (abstinence) project to gain an understanding of the difficulty that will be encountered by clients and so that they will experience some of the challenges faced by clients. See the grading rubric at the end of syllabus.

Students are to select a substance or activity from which they will abstain for **10 weeks**. If you have any questions on what may or may not be appropriate for this activity, please email your instructor. Students should keep a weekly journal of their progress toward reaching their goal (3 journal entries per week is suggested) and turn in with the paper. This may be handwritten or typed. Students will write a paper (following APA guidelines), **6-8 pages**, that summarizes the abstinence project according to the following twelve topics: (Be sure to use APA headings and not letters or numbers.)

1. How you decided on the substance or activity and why it was chosen?
2. Description of your plan of action.
3. How you maintained abstinence or change.
4. Incidents of relapse.
5. Your reaction to having relapsed.
6. Defense mechanisms used.
7. Withdrawal symptoms experienced.
8. What social consequences were experienced because of abstinence from this substance or activity?
9. Have you gained any insights into the DSM criteria for alcohol and substance use related disorders?
10. How has this activity updated your view on the role of interventions and or treatment plans for clients with substance use concerns?
11. Your general reaction to this assignment for yourself and future professional counselors
12. What you personally learned about yourself because of this exercise.

For a 1-hour credit course, [Nebraska State College Board Policy 4141](http://www.nscs.edu/Policy%20Manual/Policy%20Manual%20Master/Policy%204141.pdf) (<http://www.nscs.edu/Policy%20Manual/Policy%20Manual%20Master/Policy%204141.pdf>) suggests that you spend at least 45 hours per credit hour in learning activities. In this 3-credit hour course, you should plan to spend a minimum of 135 hours in learning activities. A combination of the following learning activities will support you in attaining the course Student Learning Outcomes described in Part 2 of this syllabus. Be prepared to devote the Hours per Week associated with each of the course activities or components listed below. Actual hours spent on individual learning activities will vary from student to student depending on prior knowledge; however, 135 hours represents the minimum expectation for any student. ****Disclaimer:** The completion of the minimum time commitment does not ensure a passing grade. Achievement of the course competencies must be demonstrated.

Part 3: Grading Policy

Graded Course Activities and Letter Grade Assignment

As graduate students, you will be expected to manage your time so that you can make the most of the student learning process and deliver your course assignments by the agreed-upon due-dates. The issue of time-management is therefore crucial to your successful completion of any assignments in this class. Course assignments are weighted accordingly. To find out more about each of the assignments listed below, complete details can be found in the CSC Online site associated with this course. Grades will be based on a weighted scale determined by the following percentages:

Late Work Policy: I do not accept late submissions for assignments, forums or exams. Late work due to extreme emergency conditions will be considered on an individual basis with supportive documentation such as a doctor's note or obituary. You must contact the instructor in a timely manner to determine if work is acceptable and if you will be granted a late exception. It is the student's responsibility to check the CSC online grade book to determine whether the instructor has graded assignments.

Viewing Grades: I will update grades Cengage MindTap grade book typically **1-week** following the completion of an activity.

Student Behavior:

Academic Honesty: Students are encouraged and expected, with the assistance of the faculty, to conduct themselves in conformity with the highest standards with regard to academic honesty. Violation of college, state, or federal standards with regard to plagiarism, cheating, or falsification of official records will not be tolerated. Students violating such standards will be advised and disciplined. Violations of these standards may result in course failure, suspension, or dismissal from the college. Students are encouraged to seek the advice of instructors as to the proper procedures to avoid such violations.

The following acts are examples of academic dishonesty:

1. Cheating – intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
6. Fabrication – intentional and unauthorized falsification or invention of any information or citation in an academic exercise.
7. Facilitating Academic Dishonesty – intentionally or knowingly helping or attempting to help another in an act of academic dishonesty.
8. Plagiarism – appropriating or imitating language, ideas, and thoughts of another author, representing them as one's own original work. The following acts are examples of plagiarism:

1. Submitting an assignment that someone else has written and claiming the work as one's own.
2. Submitting an assignment that contains sections, paragraphs, sentences or key phrases that someone else has written without appropriately documenting the source(s) for each portion of the assignment not written by the student submitting the assignment.
3. Submitting an assignment that contains paraphrased ideas from another source, published or unpublished, without appropriately documenting the source for each paraphrase. (Changing around a few words in a sentence from the source is not sufficient to avoid plagiarism.)

Note:

- "Someone else" in the three statements above may refer to a published author, another student, an internet source, or any person other than the student claiming credit for the assignment. If an individual is unsure in how to document sources used within an assignment, they are encouraged to ask their professor or the reference librarian for assistance.
- Appropriation or imitating language, ideas, and thoughts of another author and representing them as one's own original work is not tolerated. I will use Turn-it-In software to determine originality of your work. The first instance of plagiarism will result in failure of the assignment while more than one instance will result in failure of the course.
- View the [Academic Honesty Policy](https://app.policyiq.com/ChadronStateCollege/Content/View/3419?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba) on CSC's Policy Website (<https://app.policyiq.com/ChadronStateCollege/Content/View/3419?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba>)

Attendance/Participation Policy: The College assumes that students will seek to profit from the instructional program and will recognize the importance of attending every class meeting of courses for which credit is expected. Responsibility for notifying faculty of absences, and for arranging potential make-up, rests with the students. In courses that utilize an online format, students are expected to participate in an appropriate and frequent manner, as determined by course instructor. View the [Class Attendance and/or Participation Policy](https://app.policyiq.com/ChadronStateCollege/Content/View/3432?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba) on CSC's Policy Website (<https://app.policyiq.com/ChadronStateCollege/Content/View/3432?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba>)

1. **Internet Access:** In the case of a conference, work trip, or family vacation, it is the student's responsibility to make arrangements for Internet access. Therefore, online attendance in the course is expected.
2. **On Handling Technical Issues:** Our online learning environment is dependent on technology -- sort of like those taking a face-to-face class needing a car or some other means of transportation (or mobility) to get to class. I must also say that humans control technology and we can expect to be able to work through system glitches and failures quickly. Please see On Handling Technical Issues in CSC Online course resources. Please contact helpdesk@csc.edu or 308-432-6311 for assistance should you if you have any additional technical questions.

3. **Communication/Email Etiquette:** Please contact me via lgaudet@csc.edu for all questions and concerns regarding this course. I am not always in my office and voice messages will not elicit a speedy reply. Though I typically respond quickly, please allow up to 24 hours for a reply. Note, I may not be able to respond to an email on the day of, or hours before, an assignment is due or on weekends. Thus, please begin your assignments early. Always **remember when writing professionally to begin with a salutation, provide course information, and a signature. It is important that you address people with the proper title. When you address professors with an earned doctorate (PhD or EdD),** please address them with their academic title. All of the Counseling Program professors at CSC should be addressed with the title Dr. or Professor, rather than Ms, Miss, Mrs, or their first names. Individual professors may not mind if you address them by first name, however, never assume this to be the case. Should you not receive a response to your email, check to ensure that you have met all the above expectations as I may not respond to emails resembling an informal text message. Finally, **check your official CSC Eagle email account often** as all campus communications are sent to your Eagle mail.
4. **Confidentiality:** This course, like other courses in the Counseling Program, requires students maintain absolute confidentiality regarding all personal material revealed in class. Any breach of confidentiality will be considered a serious ethical and academic violation. If one is found to violate confidentiality the student's ability to continue the program will be in jeopardy.

Dispositional Standards: Please see the [CSC Counseling Website](#) and [Counseling Student Handbook](#) regarding dispositional standards. The standards address a student's affective attributes and disposition to be a counselor. A corresponding Professional Dispositional Standards Rubric provides further guidance. A student's ability to meet the Dispositional Standards is continually reviewed by, and subject to, the academic judgment of campus faculty, staff, and administration.

Civility and Netiquette: Civil behavior enhances the learning environment and is expected at all times. The academic environment welcomes a difference of opinion, discourse, and debate within a civil environment. All members of the class are expected to follow rules of common courtesy in all communications (including email messages, discussion, and chats). You may find these guidelines helpful:

1. Clearly label posts and emails with a relevant subject heading.
2. Use capital letters sparingly. THEY LOOK LIKE SHOUTING.
3. Forward emails only with a writer's permission.
4. Be considerate of others' feelings and use language carefully.
5. Cite all quotations, references, and sources.
6. Use humor carefully. It is hard to "read" tone; sometimes humor can be misread as criticism or personal attack. Feel free to use emoticons to let others know you are being humorous.
7. Use complete sentences and Standard English grammar to compose posts. Write in proper paragraphs. Review work before submitting it.

Writing Style Requirements for All Papers:

1. It is the student's responsibility to submit work in the format required by the class (MSWord, PDF) or another method (cut and paste; rich text format, etc.). CSC cannot open Word Perfect.
2. When writing a thesis, cite all resources using APA Style in both the text of your paper and on a separate reference page (see the APA manual or the APA style guide at <http://owl.english.purdue.edu/owl/resource/560/01/> ; include cover page, reference page, page numbers and headers; paper should be double spaced with 1-inch margins; Use only readable fonts such as Verdana, Times New Roman, Arial, or Courier in 12 point only;
3. Proofread everything you write, checking for grammar and spelling (have someone else read your work).
4. See Criteria for Graduate Level Writing in CSC Online Course Resources.
5. Please note that written assignments for this course are evaluated according to the objective standards of Formal English usage. If the phrase "Formal English" is unfamiliar, please become familiar with it, immediately, before the first written assignment is submitted. Here are a few links to help you get started:

Equal Education Opportunity Policy/Nondiscrimination Policy

CSC is committed to an equal opportunity program to encourage admission and employment, and to provide procedures which will assure equal treatment of all students and employees. The College administers its academic and employment programs and related supporting services in a manner which does not discriminate on the basis of gender, race, color, national origin, age, religion, disability, sexual orientation, gender identity, or marital status. Its policies are consistent with nondiscriminatory policy, including Title VII of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972, as amended; and Sections 503 and 504 of the Rehabilitation Act of 1973. The College's written policy regarding the Americans with Disabilities Act (ADA) may be reviewed in the office of the Director of Human Resources or in the Library Learning Commons, along with the provisions of the Americans with Disabilities Act, and the rights provided. View the [Equal Employment and Education Opportunity Policy](https://app.policyiq.com/ChadronStateCollege/Content/View/3443?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba) on CSC's Policy Website.

Equal Access

Chadron State College works to ensure that all programs, activities, and services, including electronic and remote services, are accessible to people with disabilities. Upon request, CSC

will provide reasonable accommodations to ensure students have equal access to programs, activities, and services. For assistance, contact the Equal Access Coordinator, Deena Kennell, at 308.432.6467 or by email at dkennell@csc.edu

Personal Emergency & Academic Attendance

In the event a personal emergency (such as hospitalization, accident, death of an immediate family member, family crisis) requires an absence from courses and on-campus, students need to contact their instructors as soon as possible.

If the emergency should cause an extended absence (**3 or more consecutive class days**), you may contact the Dean of Student Affairs at studentaffairs@csc.edu for assistance. In the event of an extended absence, it may be possible for students to work with their instructors to complete coursework at a later date.

If the extended absence is near the end of the current term, students are encouraged to talk with their instructors about the Incomplete process. This process is ideal for students who have completed a minimum of 75% of the coursework already. If the instructor agrees, the student and the instructor will agree upon an appropriate timeline for the course to be completed. The instructor will file the appropriate paperwork to be approved by the Dean of Curriculum. If a student's situation is such they are no longer able to complete the course and an Incomplete is not a viable option, the student may be encouraged to withdraw from their course(s).

If a student's absence pertains to specific academic accommodations, students will be strongly encouraged to request assistance from Disability Services in the Library Learning Commons.

Student athletes who are injured and need accommodations due to their injury/injuries are assessed by CSC Athletic Training staff with any needed assistance from area medical professionals. The Athletic Training staff will communicate the accommodation needs to the Dean of Student Affairs who will communicate this to all instructors and if appropriate, the Disability Services office.

Assignment Instructions/Rubrics:

Discussion Forum-Rubric:

- This course works well when everyone is involved in discussing the material. Your participation throughout the week in each of the forums is essential. Your grade will be based on how much you say and how well it contributes to the work of the class, as well as total number of days you post in the forum, minimum word counts, and percent of total posts/replies read. Students are expected to offer comments, questions, and replies to the discussion questions that have been posed for each week as well as to classmate postings. The faculty role is as an observer and facilitator. I will read and participate in the discussion as appropriate.
- I grade each of the discussion forums separately on a 4-point scale. Discussion postings that meet all criteria for a score level will receive the highest points possible at that level. Participation in discussion activities can only be accepted for grade by the date on the discussion posting. For example, you may have met all word counts for 3 entries, but entered them only on 2 different days. This will result in 2-points. To be clear, to earn full points each week you must at a minimum participate:

- Day 1-enter an original post that meets minimum word-count of 250 words,
- Day 2-enter a reply that meets minimum word-count of 200 words,
- Day 3-enter a reply that meets minimum word-count of 200 words,
- Read at least 50% of classmates entries.

- **4 Points—Have met ALL minimum expectations:**Students earning 4-points for discussion activities have participated 3 or more times on at least 3 separate days in the week's forum (with at least 1 post and 2 replies), met the minimum word count requirements (each post must be a minimum of 250 words, and each reply must be a minimum of 200 words), read a minimum of 50% of your classmates entries, and posted outstanding information.

Discussion postings:

- are made in time for others to read and respond
- deliver information that is full of thought, insight, and analysis
- make connections to previous or current content or to real-life situations
- contain rich and fully developed new ideas, connections, or applications
- provide outside resources supporting your ideas.
- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

- **3 Points—Have met 3, but not all, of the following expectations:**

- are made in time for others to read and respond

- deliver information that shows that thought, insight, and analysis have taken place
- make connections to previous or current content or to real-life situations, but the connections are not really clear or are too obvious
- contain new ideas, connections, or applications, but they may lack depth and/or detail.

- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

• **2 points—Have met 2, but not all, of the following expectations:**

- are made in time for others to read and respond
